Meet The Disruptors

LEGERITY

Transforming Finance:

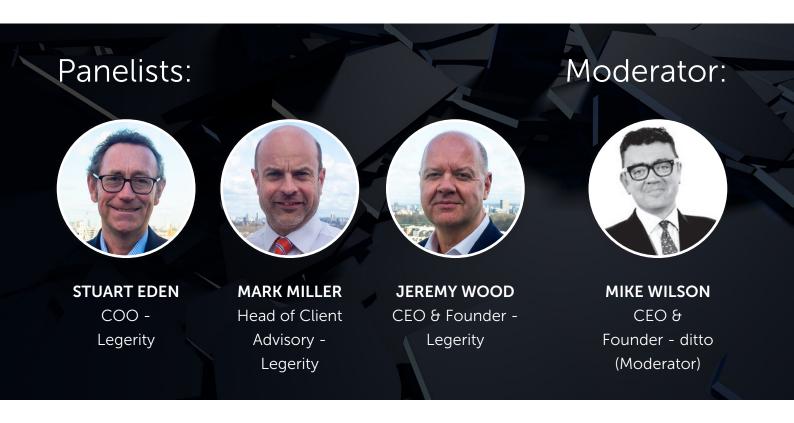

How back-office accounting fuels front-office opportunity

Legerity get day two underway focusing on the finance function, joined by O2 and Starling Bank. How innovation in processing the books, records, ledgers and accounting is helping firms stay regulatory compliant – while fueling better decision making, quicker product development, and smarter user of resources.

> Wednesday 24th June 10:00 - 13:00 ^{BST}

10:00 Webinar 1: 10:40 BST Meet The Team

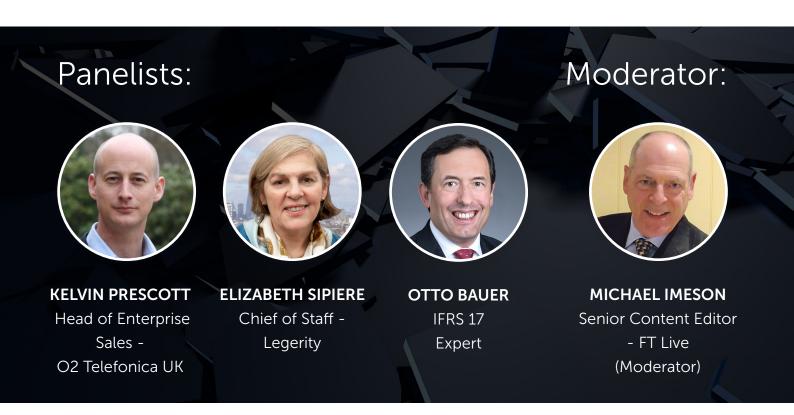

Jeremy shares the story of founding Legerity and his experience as a serial entrepreneur within the tech industry. Stuart discusses the challenges of delivering complex change programs against challenging timelines. Mark takes us through his experience with functional design and transformation strategy, gained from a career in insurance and telecoms.

11:00 Webinar 2: 11:40 BST In The Market

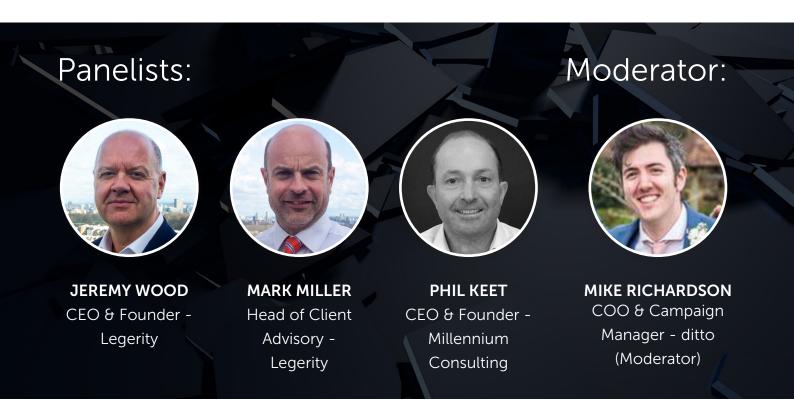

Join Legerity as they discuss with O2 how financial transformation front-to-back is critical for business. Acurate timely reporting, revenue recognition – being able to design and bring to market products quicker than your competition – if you cannot account for it – how can you sell it.

12:00 Webinar 3: 12:40 BST In Action

Legerity discuss how the FastPost Accounting Rules Engine allows the rapid adoption of IFRS17, and digital finance transformation, with minimum disruption.
