

Meet The Disruptors

SPEAKER & COMPANY BIOS

Tuesday 23rd & Wednesday 24th June

Be Informed. Be Inspired.

Meet the teams behind the innovation, hear panel debates on real market challenges and see the technologies in action. With lunchtime 'Meet The Author' interviews, and rounding off each day with our 'Meet The Artist' sessions.

Join us over the two days to uncover the key market challenges firms are facing and overcoming. On Tuesday we explore how to adapt to a changing world of remote working and how firms are designing the future by revolutionising financial markets with new technologies. On Wednesday we discover the transformation of finance with back-office accounting fuelling front-office opportunity, and we look at how innovation is delivered from a telco, commodities and trading industry perspective.

- ✓ **Join us digitally!** Register for any of the sessions, dip in, dip out – and keep up to date with the papers and presentations
- ✓ **Want to meet up?** Each session will have its own digital hangout where you can meet the panel and other attendees
- ✓ **Need something specific?** No stress – let us know and we'll pair you with an expert 1:1 session, just for you

Tuesday 23rd:

14:00 – 14:40 | Coding The Future: Meet The Team

JOSEPH ADAM - VP of Engineering, genesis global

Joseph is an accomplished and creative professional Senior Engineering Manager with more than 20 years' experience of software development, mainly focused on web and 10 years' experience as a manager of managers, combined with closer to 20 years' Financial Industry knowledge.

17:00 - 17:40 | Meet The Artist: Remi Rough

REMI ROUGH - Street Artist

Remi Rough is a street and gallery artist from South London, England. He makes work that deals with visual semantics, distilling fragments of the world around him into powerful abstract compositions. His pseudo-sculptural paintings and large-scale murals are instilled with a 'street-wise energy and tension' born from early experiences as a young graffiti writer, painting walls and trains across the world. Remi's work is exemplified by an instinctive use of colour and geometric form, expressed with equal effect when witnessing one of his vast murals or his refined abstract paintings on canvas or panel. His work has been exhibited globally in Hong Kong, London, Los Angeles, Paris, Perth and Tokyo. His published book 'Lost Colours and Alibis' is a personal collection of images taken from his worldwide travels.

15:00 - 15:40 | Coding The Future: In The Market

PETER THOMAS - Principal Engineer, Corporate & Investment Bank, Deutsche Bank

A highly experienced software engineer of over 20 years, Peter Thomas specialises in Global Capital Markets, with hands-on knowledge of coding Distributed Systems using Event Driven Design, Cloud Based Architectures and High-Performance Computing. He now works in the CTO office in Corporate Bank and Investment Bank Technology at Deutsche Bank and runs their Cloud Engineering programme with particular focus on Cloud Native Architectures and DevOps.

11:00 - 11:40 | Remote Working: In The Market

JONNY WATKINSON - Enterprise Sales UK&I, NetMotion

Jonny has been working within the network technology, enterprise solutions and digital media industry for 8 years. His specialism lies in mobile IT platforms and device, content and application management, having enabled modern enterprises to secure and manage information as it moves to mobile and cloud. Before joining NetMotion, Jonny worked in the field of cyber security helping businesses protect themselves against cyberattacks.

ALL DAY | Moderator - Meet The Team Panels

MIKE WILSON - CEO & Founder, ditto

Dublin born Mike has spent a 30+ year career working at the sharp end of finance, technology and media globally, based in Asia, the US and Europe – with Arbat/Winter Partners, UBS, Bankers Trust and Deutsche Bank. CEO & Founder of ditto since 2008 – an award-winning marketing, communication and business strategy practice dedicated to FinTech.
