TechCity Connect

# **SPEAKER & COMPANY BIOS**

---

Wednesday 6<sup>th</sup> May 2020

# Be Informed. Be Inspired.

---

The digital world creates huge opportunities for businesses and people to thrive, but it also presents challenges. Even with all the technology at our fingertips, it can be tough to stay connected – especially at these difficult times where remote working is more vital than ever. So what next... For TechCity Connect we've curated a series of webinars, roundtables and panel discussions in Tech, Art & Culture exploring these themes – all of them digital. Meet the experts and thought leaders shaping tomorrow.

- ✓ **Join us digitally!** Register for one session, or spend the whole day with us
- ✓ **Want to meet up?** Great! Each session will have its own digital hangout where you can meet the panel and other attendees
- ✓ **Can't be there?** No problem – all the sessions will be recorded for viewing on demand later
- ✓ **Need something specific?** No stress – let us know and we'll pair you with an expert 1:1 session, just for you

11:00 - 11:45 | Smart Cities & Smart Citizens

## **JORGE BENTO - Global Head of IoT, Vodafone**

Jorge has been leading Vodafone Business' technology practice for IoT over 6 years. Jorge leads Vodafone Group's overall IoT Technology Strategy, Product Management, Engineering and Innovation. Jorge works primarily with Vodafone Business stakeholders, large corporate customers who have a variety of different IoT services globally; and Vodafone's strategic partners to enable joint go-to-market propositions. Jorge is responsible of defining and delivering world-wide IoT platforms and solutions for 1000+ large corporate customers and other communications service providers, working internally with pre-sales, sales and various operational functions. This covers a variety of different business sectors, from Automotive where Vodafone leads the market, to Insurance, Logistics, Healthcare, Energy and Utilities, and more.

13:00 - 13:45 | Next Gen: App Dev & Delivery

### **ALEXANDRA BOYLE - Director, OpenFin**

Alexandra builds relationships with the world's largest banks, asset managers and vendors. She acts as the conduit for collaboration and innovation across OpenFin's strategic clients, helping to transform legacy operational models. Alexandra brings to life a client's strategic vision by understanding their business objectives and can easily identify suitable, complementary FinTech vendors and applications available through the OpenFin ecosystem. Prior to OpenFin, Alexandra was a product specialist for FIX connectivity, market data and high-frequency trading at NYSE Technologies.

17:00 - 17:45 | The Future of Business & Leadership

### **RINALDO S. BRUTOCO - CEO & Founder, World Business Academy**

Rinaldo is a successful entrepreneur, executive, author, radio host, and futurist.
